Scheduling an Eye Exam is Easy

DELTAVISION®

Even if you don't wear glasses, routine eye exams are essential to keeping up with vision changes and checking for signs of serious diseases or health conditions.

With our Provider Locator, finding exactly what you're looking for is a breeze. Search by zip code, location or doctor. Visit eyedoclocator.eyemedvisioncare.com/nedd **to find an eye doctor near you.**

Whether it's due to location or provider availability, you may need to go out-of-network to receive care. If this applies to you, the steps are simple. Log in to member web, member.eyemedvisioncare.com/nedd. Hover over the "Claims" tab in the top navigation and click on "Out of Network Claim Form." Scroll to the bottom of the page to "Network Access Exceptions Form" button.

One of the following exceptions must apply:

Based from your home or work (office) location, you were unable to:

1. **Locate an in-network provider within a 10-mile radius in an urban-suburban area; 20 mile radius in a rural area.**
2. **Schedule a visit with an in-network provider within two-weeks; or**
3. **Access an in-network provider during a declared emergency in the state where you live.**

There's more in store - online.

As always, you may also consider one of our many in-network online options for glasses and contacts including Glasses.com, ContactsDirect.com, LensCrafters, Ray-Ban, Target Optical, Oakley, Nuance Audio, Frames Direct, Eyebuydirect, and Costa.
